

Online Workshop: The "Potential to Drive" Workshop: Research, Readiness and Real-World application

Driving Well OT is hosting the popular 2 session online workshop for **OT Driver Assessors and specialised driving instructors** to develop your knowledge and skills in using the "Potential to Drive" approach to work with clients with an autism spectrum disorder and/or executive function problems (eg mild intellectual impairment, stroke, ABI), on their goal to learn to / return to driving.

**When: Wednesday 29th April AND Friday 1st May
(both sessions required)**

Time: 9am to 1pm both days BRISBANE TIME (8 hours total)

Speakers: Jenny Gribbin, OTDA, Director Driving Well Occupational Therapy

Cost: \$600 + GST includes resources needed to do a Potential to Drive assessment
| Registrations close Monday 27th April | Maximum 30 Participants

Overall Learning Objectives:

1. Learn the "potential to drive" approach in determining readiness for driving
2. Understand the neurological presentation and driving research related to these conditions
3. Use tools including Drive Focus app and facilitated passenger activities to support development of driving skills
4. Embed the "Potential to Drive" approach into your practice

Session 1 - Wednesday 29th April - 4 hours - 9am to 1pm BRISBANE TIME (AEST)

- Potential to drive assessment approach - deep dive into neurology, driving research, assessment process and techniques; introduce case studies.

Session 2 - Friday 1st May - 4 hours - 9am to 1pm BRISBANE TIME (AEST)

- Potential to drive assessment approach - deep dive into teaching/training/intervention techniques
- Tools to support development of driving skills
- "Potential to Drive" assessment report and addressing R&N
- Applying the potential to drive assessment process and training tools in the Australian context
